

Dear all,

Our annual Early Intervention into Acute Psychosis conference (some call it Open Dialogue meeting) will take place at the time we planned to have it: August 26 – August 28, 2021. It will be virtual this year. We had plans to make it live or hybrid, but too many aspects cannot be managed in an appropriate way in these strange times. So, we must deal with uncertainty and do what we can do safely to get at least some possibilities to meet.

So, we will start at 13.00 CET (it will allow our American friends to join, as it will be 7.00 in New York) on August 26, Thursday.

August 26, 2021 (Thursday). Clinical Day.

13.00 – 15.00 Plenary sessions. Opening and Presentation of the groups: how are we?

15.00 – 16.30 Group discussions.

16.30 – 17.00 Break.

17.00 – 18.30 Group discussions.

18.30 – 19.30 Wrap-up of the day with all participants.

August 27, 2021 (Friday). Open Day.

13.00 – 18.00 Presentation of the Open Day (separate program).

For those who would like to take part in group discussions, we will create separate rooms for it.

18.00 – 19.00 Wrap-up of the day with all participants.

August 28, 2021 (Saturday). Research Day.

13.00 – 16.00 Group discussions.

There will be a separate space for those who would like to continue with clinical discussions.

16.00 – 18.00 Plenary meeting. How we will continue, and our future.

On behalf of worried organizers, we kindly ask to fill in the participant form. After that we will contact you to ask for the ideas for group discussions. We must be creative enough to organize meaningful meetings in virtual rooms.

Participants fee for the whole meeting: 50 Euros.

Participants fee for Open Day only – 30 Euros.

Participants fee from August 23, 2021, - 75 Euros.
